3	3

2. South Dakota Career Interest/Exploring Occupations of Interest:

According to this survey, my TOP career interest area of the 6 Occupational Interest Groups is _____. The website tells me that occupations in this area involve working with _____.

Follow the red link to your TOP career interest. Choose one Occupational Title and follow the link to the

information. The occupation I'm interested in is _____**.**

Using the information that looks just like the diagram below, learn a little about the job you are interested in.

In this diagram, the first icon tells whether the career is growing. The second tell us there is a medium demand for the job and the third a low supply of those eligible. The 5th icon tells about the education required. AD=a 2 year associates degree. BD would be a 4 year bachelor's degree. MD is a masters degree, so 2-3 years beyond college. PhD would be schooling beyond a masters degree. HS would be high school. The 4+ means applicants need 4+ years of experience. The salary range for this job ranges from $34,145 to $48, 371.

The job I selected is growing/not growing.

The job I selected requires a _____ degree.

The job I selected requires _____ yeas of experience.

The salary for the job I selected ranges from $_____ to $_____.

Just below this row of icons, there is a **Summary of Job Duties**. The job duties for the job I selected

include: _____
