

**Find the READING section on answer sheet.
Stop at _____. IF you finish, NO talking
or movement until 35 minutes. Before
you start in very light pencil, label the 4
columns**

Column1=Prose

Column 2=Social Sciences

Column3=Humanities

Column4=Natural Sciences

**Determine scale score using this
formula:**

____ (raw score) x 36=____/40=____+2=_____

Raw score is total # right out of 40

Multiply that by 36.

Divide that total by 40 (= # of questions)

**Add a correction factor of +2 to get
scaled score.**
