

Grammar Lab Day Routines & Expectations:

1. **PRACTICE** makes **PROGRESS!** Developing a skill takes **PRACTICE** and a **CAN DO** attitude.
2. Have confidence in your **OWN** abilities. No one will be helping you on the ACT, the Accuplacer, the ASVAB. Think for yourself! You CAN do it!
3. I EXPECT that you put your all—your focus, your concentration, your best effort—into each independent practice activity.
4. On introductory class days, **laptops are closed!** On independent assessment days, **No talking** until everyone has completed the assessments. **If your phone is out, you'll forfeit your points for the day.** When you finish, I'll expect you to sit quietly and work quietly until everyone is done. If you disrupt anyone's focus, you'll forfeit your points for the day.
5. If you leave the classroom without completing any of the assessments, **it's like turning in a paper quiz with no answers on it.** If you don't finish, you **MUST** come back at the end of the day to finish **THAT DAY'S** assessment.
